COFACE SA: Moody's eleva la perspectiva de Coface a "estable"

La agencia de calificación Moody's, el 10 de febrero de 2021, ha confirmado la calificación de fortaleza financiera (Insurance Financial Strength - IFS) de Coface en A2. La agencia también ha elevado la perspectiva de Coface, que ahora es estable.

Casi un año después del inicio de la pandemia de coronavirus y la crisis sanitaria y económica asociada, Moody's ha elevado la perspectiva de la calificación de Coface a estable. Esta decisión refleja las medidas de suscripción adoptadas por Coface para mejorar su perfil de riesgo, y aumentar su resistencia a un posible aumento de la siniestralidad en los próximos 12 a 18 meses.

En su comunicado de prensa, la agencia de calificación subraya que esta calificación *"refleja la buena posición del grupo en el sector del seguro de crédito global, la fuerte capitalización económica, respaldada por la gestión dinámica de la exposición asegurada de Coface, y la buena rentabilidad de la suscripción a lo largo del ciclo"*.

Carine Pichon, Chief Finance & Risk Officer, comentó:

"Acogemos con satisfacción esta mejora de las perspectivas, que recompensa el trabajo de los equipos de Coface durante la crisis del coronavirus. También reconoce la agilidad y la resiliencia de Coface, que están en el corazón de nuestra cultura, y nuestro plan estratégico Build to Lead."
